HAVE A GOAL IN MIND? WE CAN HELP.

RMS Healthcare acts as an extension of your organization, providing operational support, consulting and research services—tailored to your needs.

Improve the quality and continuity coordination of patient care with **Patient-Centered Medical Home Recognition (PCMH)[™]**. Maintain or improve market share, optimize work flows and take advantage of public or private payment incentives.

Measure your patients' satisfaction using **CAHPS[®] Surveys**. We administer CG-CAHPS, HCAHPS, HH-CAHPS, OAS CAHPS, CAHPS for MIPS, CAHPS for ACOs, ICH CAHPS & CAHPS Hospice Surveys.

Meet certain performance measures for quality and efficiency with the **Pay for Performance (P4P) Program Optimization**.

Understand the needs of your community and collaborate to make measurable improvements in community health and well-being with the **Community Health Needs Assessment**.

We provide assistance with **HIPAA Policy development and training**.

HOW WE DO IT

We take pride in developing and retaining relationships with our clients. We take time to understand your needs and develop a course of action tailored to your operational goals.

OUR STRATEGY

We offer a multitude of services tailored to our clients. Depending on the transformation journey you need, we guide you and tailor our expertise for optimal practice performance.

WHY RMS HEALTHCARE

We are a leading healthcare consulting firm with proven experience and success in practice transformation and patient experience reporting.

Ask. Listen. Solve.
