TITLE: Research Associate

REPORTS TO: Manager of Research Analytics

STATUS: Full-Time

COMPANY: Research & Marketing Strategies (RMS); RMS Analytics Division

LOCATION: 15 East Genesee St., Baldwinsville, NY 13027

JOIN THE TEAM:

RMS is hiring a full-time, Research Associate plays an essential role supporting the Analytics Division research projects. This involves conducting secondary research (public and paid services) and supporting primary research data collection and administration. The Research Associate will interact with the clients as needed and addresses project needs in coordination with the department manager. They will also provide analytical support to the designated RMS team(s) on various marketing and marketing research projects, assisting in preparation of proposals, cost sheets, various fieldwork components, final reports and other project deliverables for clients. This position is eligible for a hybrid work model

SPECIFIC DUTIES AND RESPONSIBILITIES:

- Assists with various assigned project tasks, paying particular attention to deliverables and specified timeframe deadlines.
- Serves as part of the core project team, providing valuable input and insight on various client initiatives and RMS initiatives.
- Assists in the programming of surveys in statistical software, script writing and other project fieldwork components.
- Works with the Manager of Research Analytics and other team members to analyze and interpret primary data, identify key findings, and trends.
- Assists in the preparation of client reports and following a general report format.
- Conducts research activities on current client projects using secondary data sources, using relevant search engine tools and websites.
- Proactively reviews marketing and market research industry activities, websites, and reports, staying abreast of new trends and competitive activities.
- Assists the Business Development team in proposal writing and cost sheet development for potential Research Analytics projects.
- Assists in the writing of company blog articles.
- Review and analyze existing client service satisfaction survey results.
