

Patient-Centered Medical Home (PCMH) Recognition

According to NCQA®, over 10,000 practices are recognized as PCMH's, representing all 50 states*. If you are interested in becoming one of them, partner with RMS Healthcare.

RMS Healthcare has over 13 years of proven experience assisting physician practices and health systems to attain and maintain PCMH Recognition.

What is the PCMH Model of Care?

- Places patients at the center of their care, using a patient-centered, culturally appropriate approach
- Builds respectful relationships between patients and their care teams

- Ensures patients receive comprehensive and coordinated care
- Allows patients access to care when and where they need it, in a manner they can understand

Why Would You Become PCMH Recognized?

- Increase your revenue by aligning with VBR, state PCMH incentive programs, P4P, and MIPS reporting
- Improve quality of care by assessing and addressing SDoH, health equity, diversity, and inclusion
- Establish a culture of continuous quality improvement

- Improve health outcomes
- Improve patient experience
- Coordinated chronic disease management
- Improve staff engagement and satisfaction
- Decrease ED utilization and hospital re-admissions

Why Would You Partner with RMS Healthcare?

- We have extensive consulting experience in aligning your practice goals with other regulatory requirements
- We have a longstanding collaborative relationship with NCQA
- We position you for continued success

We guide you to...

- Cultivate a collaborative team
- Optimize your performance
- Adopt, implement, and evaluate standardized screening tools
- Develop operational enhancements
