

COMMUNITY HEALTHCARE NEEDS ASSESSMENT & MORE

Let RMS Healthcare assist with this required work

- Community Health Needs Assessments (CHNA)
- Community Health Assessments (CHA)
- Community Health Improvement Plans (CHIP)

WE WORK WITH HEALTH DEPARTMENTS, COUNTIES, HOSPITALS, HEALTHCARE ORGANIZATIONS, & MORE

1.

SECONDARY DATA & GAP ANALYSIS

RMS analyzes available data to identify population trends, inventory resources, and complete a gap analysis, inclusive of the vulnerable population, supporting local healthcare planning.

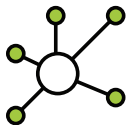

2.

IN-DEPTH INTERVIEWS

Professional RMS telesurveyors conduct detailed stakeholder interviews with key individuals regarding community health needs, identifying central themes.

3.

COMMUNITY FORUM DISCUSSIONS

RMS works to organize and moderate community forums to discuss local community health needs.

4.

COMMUNITY ONLINE SURVEYS

RMS Healthcare develops, programs, and administers electronic survey requesting community input on healthcare issues and population need.

5.

FOCUS GROUP SESSIONS

RMS experienced moderators facilitate focus group sessions using a Moderator's Guide and Participation Packet. The reports are rich, identifying needs and actionable next steps.

6.

TELEPHONE SURVEYS

RMS conducts comprehensive healthcare-themed phone surveys using a computer-assisted telephone interviewing (CATI) script to target audiences.
