

RMS Healthcare provides exceptional customized consulting services to assist with enhancing patient care delivery. We work to educate, coach, mentor and transform healthcare organizations, and practices.

HOW WE PARTNER WITH YOU

ASSESS CLIENT NEEDS

- Evaluate current operational processes
- Understand your organization's unique characteristics
- Develop cohesive approaches to transform healthcare operations

CULTIVATE A COLLABORATIVE TEAM

- Develop a foundation of sustainability that will engage and empower staff, allowing them to work at maximum capabilities

OPTIMIZE PERFORMANCE

- Align healthcare priorities with organizational goals
- Help navigate the current challenges in healthcare delivery
- Develop, implement and evaluate workflows and policies to improve care, accountability, and resource management

ALIGN PRIORITIES WITH VALUE-BASED REIMBURSEMENT (VBR) CONTRACTS

- Identify low performing quality measures
- Develop targeted and actionable quality improvement initiatives
- Evaluate effectiveness of actions to drive improvement

ADOPT, IMPLEMENT, AND EVALUATE STANDARDIZED SCREENING TOOLS

- Develop approaches to implement standardized screening tools into current workflows to align with quality measures
- Coordinate and enhance partnerships with community-based organizations to provide resources for patients
- Evaluate interventions and resources based on the unique characteristics of the community and patient mix

DEVELOP OPERATIONAL ENHANCEMENTS

- Maximize EMR capabilities and functionality
- Use of Health Information Exchange (HIE) platforms to enhance care coordination
- Enhance staff functions to improve efficiencies
- Integrate telehealth with other care modalities to strengthen relationships with patients, as well as, improve the quality of patient care delivery

POSITION FOR CONTINUED SUCCESS

- Identify organization strengths and opportunities
- Provide actionable solutions
- Sustain physician independence
